**Manufacturing hand-made brushes and brooms at the Clow factory in Glasgow, circa 1920**

Established in Glasgow in 1913 as a ladder manufacturer and supplier of tools and equipment to the professional Painting and Decorating Trade, the Clow Group has grown to become one of the UK's largest independent manufacturers and suppliers of Access Equipment and professional Decorating Tools and Accessories.

A family business for over 100 years, the company today is run by the great grandson of the company founder, William J. Clow.

With a comprehensive range of high quality painting and decorating tools held at fully stocked depots throughout the UK in London, Midlands, Belfast and Glasgow, the Clow Group can offer a national next day delivery service.

Since the very beginning the company has always strived to provide the very best in product quality and customer service and it is this belief that has led to the company motto ***"Clow for Quality"***.

# Clow Step Benches

### Clow Hop-Up Aluminium Step Platform

A low-level platform is ideal for quick, safe access while working at low level heights.

Lightweight aluminium construction makes it strong whilst easy to transport.

- Folds flat for easy storage
- Anti-slip feet
- Steel lockable hinges

Code	HOPUP
Height	480mm
Platform Area	780 x 300mm
Max. Safe Working Load	150kg
Weight	5kg

### Clow Aluminium Step Bench

A trade quality low level platform with a broad aluminium base and splayed aluminium legs for even weight distribution, ideal for most trades who need a solid, stable platform for working just off the ground.

- Flat folding legs for compact storage
- Heavy duty locking hinges for maximum safety
- Non-slip riveted rubber safety feet

Code	SBA
Platform Area	600mm x 600mm
Platform Height	470mm
Max. Safe Working Load	150kg
Weight	6.8kg

### Clow Hop-Up Large Aluminium Step Platform

A low-level platform is ideal for quick, safe access while working at low level heights.

Lightweight aluminium construction makes it strong whilst easy to transport.

- Folds flat for easy storage
- Anti-slip feet
- Steel lockable hinges

Code	HOPUPLARGE
Height	730mm
Platform Area	980 x 300mm
Max. Safe Working Load	150kg
Weight	6kg

### Clow Aluminium Glassfibre Step Bench

A trade quality low level platform with a broad aluminium base and splayed fibreglass legs for even weight distribution, ideal for most trades who need a solid, stable platform for working just off the ground. The glassfibre properties make this ideal for use during electrical work

- Flat folding legs for compact storage
- Heavy duty locking hinges for maximum safety
- Non-slip riveted rubber safety feet

Code	SBGRP
Platform Area	600mm x 600mm
Platform Height	470mm
Max. Safe Working Load	150kg
Weight	7.6kg

# Clow Access Equipment

## Ladders, Steps, Platforms, Podiums & Scaffold Towers

With over 100 years experience in access equipment design and manufacture Clow Group offers a comprehensive range of high quality ladder, steps, platforms, podiums and scaffold towers.

For more information on the full range of Clow Ladders, Steps, Platforms, Podiums and Scaffold Towers please visit **[www.ladders-direct.com](http://www.ladders-direct.com)** for the online product catalogue.

The collage displays a wide variety of Clow Group access equipment. It includes detailed technical specifications for various models of ladders, steps, platforms, and scaffold towers. Safety diagrams and product images are interspersed throughout the technical data. The Clow Group Ltd logo is prominently displayed in the bottom left corner of the collage, and the website address [www.clowgroup.co.uk](http://www.clowgroup.co.uk) is visible in the bottom right corner.

## UK Ladder & Safety Training Company

The UK Ladder & Safety Training Company training courses have been developed and delivered for over 40 years to clients from all areas of industry. Courses are designed to cover the essential requirements of the Working at Height Regulations and to provide users with the confidence and understanding to apply best practice and use ladders, steps and scaffold towers in a safe and practical manner.

The UK Ladder & Safety Training Company is a division of Clow Group Ltd., the largest independently owned manufacturer of ladders and access equipment in the U.K.

We offer Ladder and Access Equipment training courses either on-site at client premises or at any of the UK Ladder & Safety Training Company's training centres throughout the UK. Our core range of courses includes:

- Ladder and Step Safety
- Ladder Safety and Inspection
- Scaffold Tower Assembly
- Scaffold Tower Inspection and Maintenance
- Safe Use & Inspection of Safety Harnesses

Additional courses are also available which cover more specialised areas and specific access equipment usage such as Risk Assessment and the Testing and Usage of Anchorage points. Training courses can also be tailored to meet specific client requirements, for example to provide training for specialist equipment or particular environmental conditions.

For further information and details on available UK Ladder & Safety Training Company courses please see **[www.laddertraining.co.uk](http://www.laddertraining.co.uk)**.
