QUALITY ACCESS SOLUTIONS & FABRICATIONS

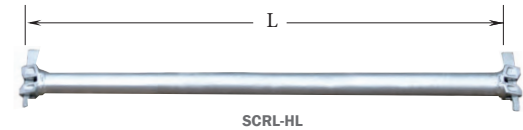

VERTICAL POSTS

Part #	Description	Effective Height (m)	Weight (kg)
SCRL-VP10-C	Vertical with Spigot - 1.0m	1.0m	5.50
SCRL-VP20-C	Vertical with Spigot - 2.0m	2.0m	9.96
SCRL-VP30-C	Vertical with Spigot - 3.0m	3.0m	14.02

HORIZONTALS

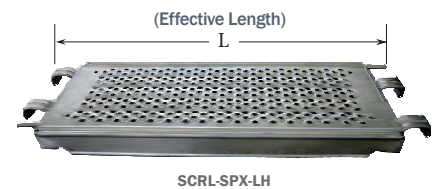

Part #	Description	Effective Length (m)	Weight (kg)
SCRL-HLM1090	Metric Horizontal - 1.090m	1.090	4.99
SCRL-HLM1572	Metric Horizontal - 1.572m	1.572	6.78
SCRL-HLM2072	Metric Horizontal - 2.072m	2.072	8.25
SCRL-HLM2572	Metric Horizontal - 2.572m	2.572	10.38
SCRL-HLM3072	Metric Horizontal - 3.072m	3.072	11.74

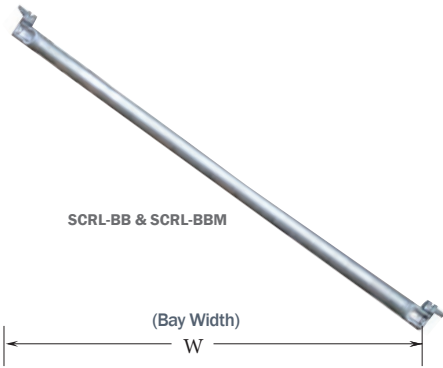

STEEL PLANKS

320MM WIDE STEEL PLANKS

Part #	Description	Width (mm)	Effective Length (m)	Weight (kg)
SCRL-SPM1090-LH	Steel Plank with Hooks (1.090m)	320	1.090	10.30
SCRL-SPM2572-LH	Steel Plank with Hooks (2.572m)	320	2.572	21.52

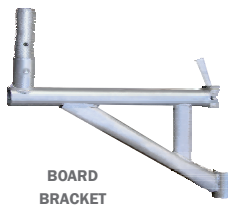

RINGLOCK BAY BRACES

Part #	Description	Bay Widths (m)	Actual Length (mm)	Weight (kg)
SCRL-BBM2072	Metric Bay Brace - 1.625m	1.625	2771	10.24
SCRL-BBM2572	Metric Bay Brace - 2.572m	2.572	3138	10.58

SWIVEL CLAMP BAY BRACES

Part #	Description	Bay Width (m)	Weight (kg)
SCRL-BBM3072	Metric Bay Brace 3.072m	3.072m	10.36

BOARD BRACKETS

BOARD BRACKETS

Part #	Description	Effective Height (m)	Weight (kg)
SCRL-BRKTMO390	Metric Board Bracket - 0.390m	0.390	3.42
SCRL-BRKTMO732	Metric Board Bracket - 0.732m	0.732	6.35

CASTORS

CASTORS

Part #	Description	Weight (kg)
SCAC-SCU12	System Castor - 12" Urethane (1360kg rating)	20.00

GALV-SPAN STEEL LADDERS

Part #	Description	Effective Length (m)	Weight (kg)
SCLD-EN131-03	Galv-Span Steel Ladder 3.0m	3.0m	11.5 kg
SCLD-EN131-35	Galv-Span Steel Ladder 3.5m	3.5m	13.0 kg
SCLD-EN131-04	Galv-Span Steel Ladder 4.0m	4.0m	14.5 kg
SCLD-EN131-05	Galv-Span Steel Ladder 5.0m	5.0m	21.5 kg
SCLD-EN131-06	Galv-Span Steel Ladder 6.0m	6.0m	25.0 kg
SCLD-EN131-07	Galv-Span Steel Ladder 7.0m	7.0m	30.0 kg
SCLD-EN131-08	Galv-Span Steel Ladder 8.0m	8.0m	34.3 kgs

Galv-Span Steel Ladders are manufactured & tested to BSEN131 Parts 1, 2 & 3.

Stepup Scaffold, a division of Sunshine Enterprise, was founded in 1998 in Memphis, Tennessee. The Clow Group, in partnership with Stepup Scaffold, have now brought Stepup Scaffold's high quality products to the UK and Ireland.

Stepup's scaffolding products are built upon a complete Quality Assurance System, (QAS), backed and managed by a wealth of technical engineering knowledge and experience. QAS is built into every process, from the receipt of an order to its final on-time delivery.

Safety and quality are the highest priorities in the design and development of Stepup Scaffold. Products are manufactured using high quality steel tube which is hot dip galvanised. This high level of corrosion resistance ensures that Stepup Scaffold products generally surpass expected design life and exceed the relevant industry standards for steel scaffolding products.

The partnership between Stepup Scaffold and Clow Group provides the reassurance of high quality service and support together with the supply and delivery of high quality scaffolding products at a competitive price.

The Clow Group and Stepup Scaffold can also provide comprehensive scaffold design, structural analysis and training services - please contact us for further information on our full range of products and services.
